Oil Reserves (grey color)	Real	mln tons	Amount of oil reserves by category
Gas Reserves (blue color)	Real	bln cubic meters	Amount of gas reserves by category
Condensate Reserves (green color)	Real	mln tons	Amount of condensate reserves by category
Forecast Equivalent Fuel	Real	mln tons	Forecast of reserves in equivalent fuel
Forecast Oil	Real	mln tons	Forecast of oil
Forecast Gas	Real	bln cubic meters	Forecast of gas
Winner - Russian	Text		Winner of the auction in Russian
Winner	Text		Winner of the auction in English
n Participant - Russian	Text		Participant n in Russian
n Participant	Text		Participant n in English
Atlas Page	Text		Page of the field/deposit in “Atlas of Fuel and Energy Complex of Russia XXI” (page and quadrant number)
Oil Dist	Integer	km	Distance to the nearest oil pipe/refinery
Gas Dist	Integer	km	Distance to the nearest gas pipe/plant
Condensate Dist	Integer	km	Distance to the nearest condensate pipe
Energy Dist	Integer	km	Distance to the nearest energy line
Road Dist	Integer	km	Distance to the nearest automobile road
RR Dist	Integer	km	Distance to the nearest railroad
Settlement Dist	Integer	km	Distance to the nearest settlement
Oil Field Dist	Integer	km	Distance to the nearest oil field
Gas Field Dist	Integer	km	Distance to the nearest gas field

Notes

1. Field “Competition” reports only known competitions. There may exist other competitions with blank “Competition” field.
2. All the distances are given based on “Atlas of Fuel and Energy Complex of Russia XXI,” Cartographic Information center “INCOTEC,” 2007.
3. All the fields/companies names in English are direct transliterations, unless there exists an official name in English.
