## **AUCTION HIGHLIGHTS**

**Auction of the Phase II 220 MHz Service Licenses  
908 Licenses Consisting of Economic Area (EA), Economic Area Grouping  
(EAG), and Nationwide Licenses**

**Beginning Tuesday, September 15, 1998**

---

### **Simultaneous Multiple Round Auction**

Bidding will begin Tuesday, September 15, 1998. The specific schedule for bidding will be announced in a public notice at least one week before the start of the auction.

---

### **Bidder Eligibility Requirements**

- Review this Bidder Information Package, applicable FCC rules and public notices for complete details.
- Deadline for receipt of completed short-form application (FCC Form 175)  
at the FCC, Gettysburg, PA (electronically or on paper):  
August 17, 1998, no later than 5:30 p.m. ET
- Deadline for receipt of upfront payment at Mellon Bank, Pittsburgh, PA:  
Monday, August 31, 1998, no later than 6:00 p.m. ET (wire transfers)

## **Auction Schedule**

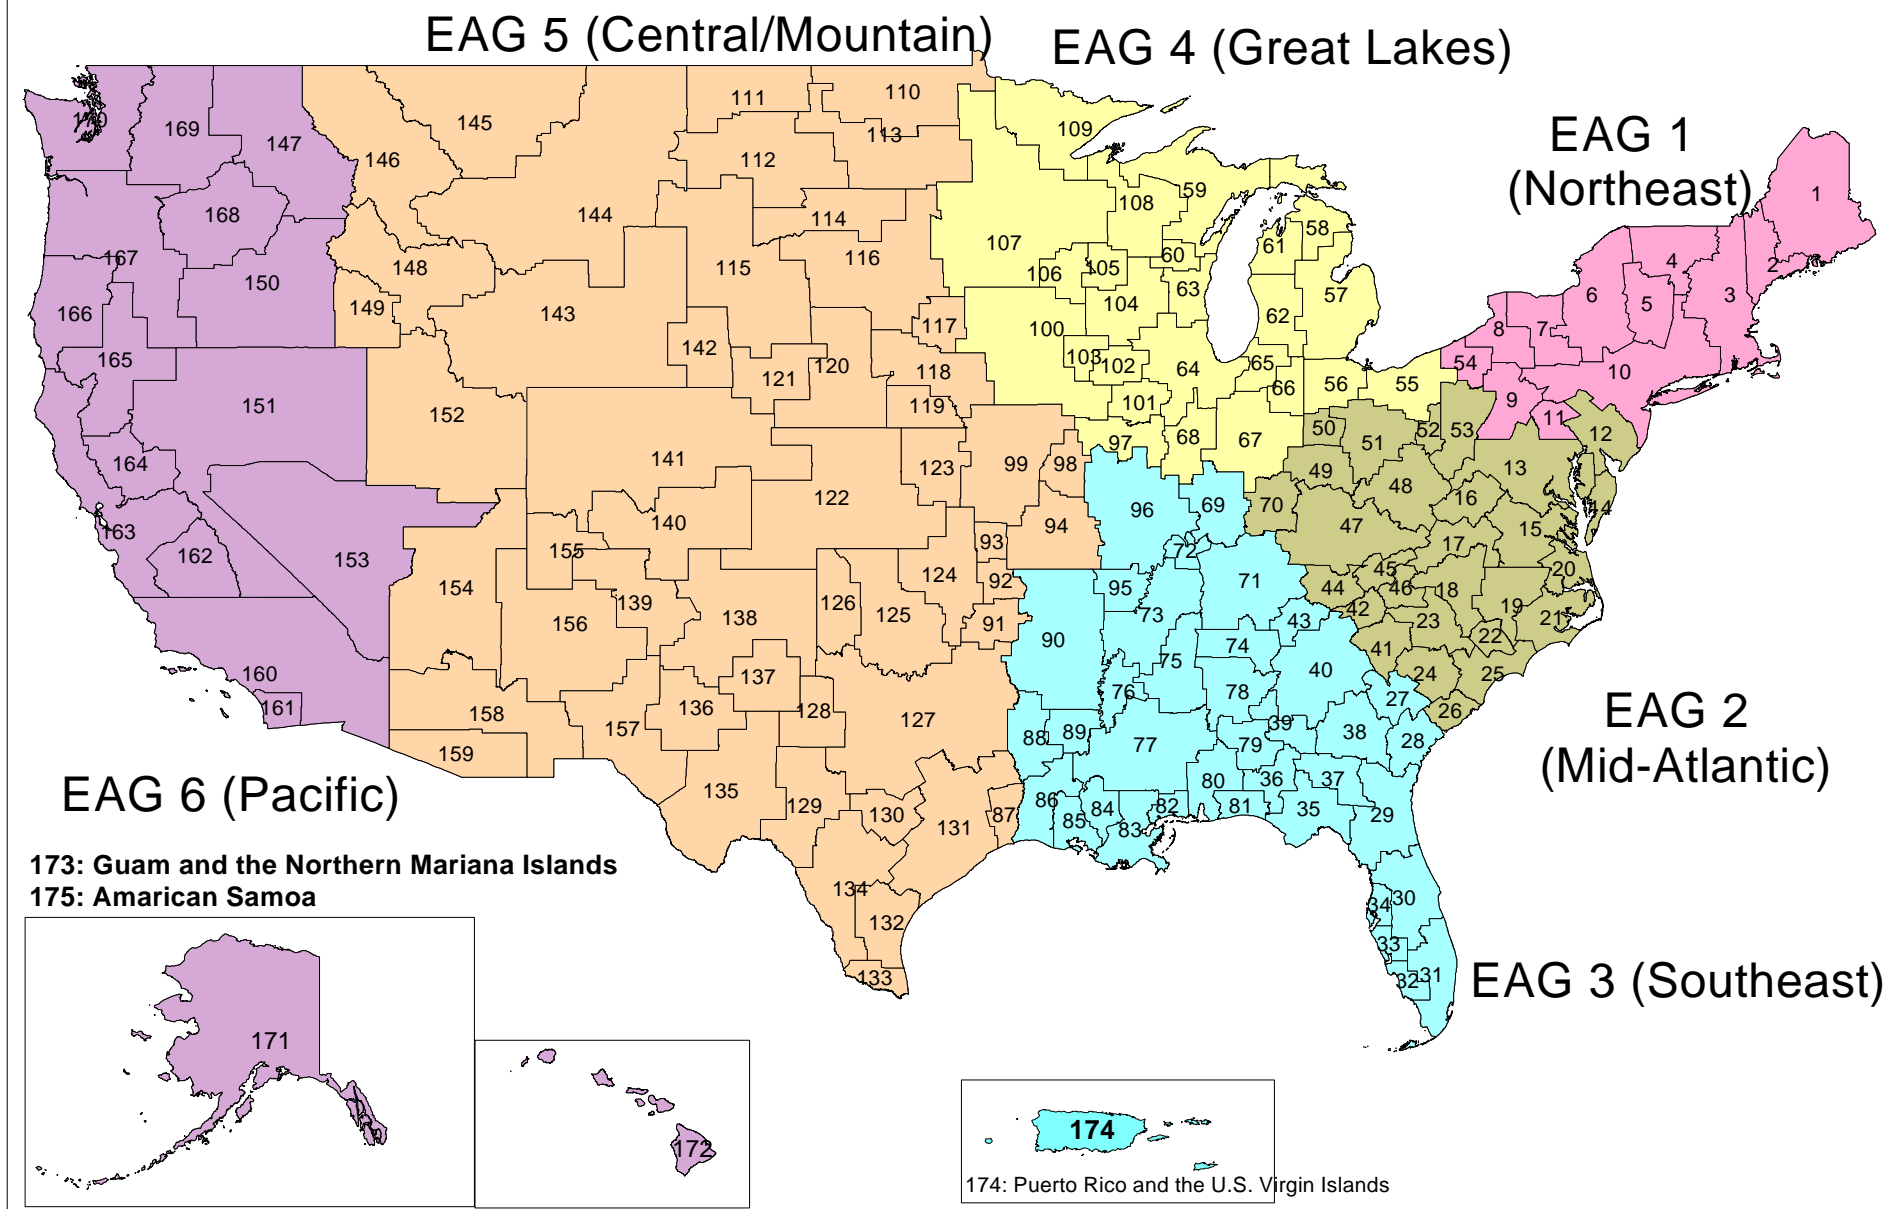

|                             |   |

# 220 MHz Economic Area Groupings (EAGs) and Their Constituent EAs

EAs delineated by the Regional Economic Analysis Division  
 Bureau of Economic Analysis, U.S. Department of Commerce  
 February 1995

Federal Communications Commission  
 Auctions & Industry Analysis Division

# SUMMARY OF LICENSES TO BE AUCTIONED

The following table lists the 3 Nationwide licenses, 875 Economic Areas (“EAs”) licenses and the six Economic Area Group licenses for which the FCC will issue Phase II 220 MHz licenses. This auction offers a total of 1.55 MHz of spectrum in 13 frequency blocks and channel groups.

For each Nationwide, EA and EAG license, the table lists the: market number, the market name, the license number, the population, the upfront payment (which corresponds to the number of bidding units required to bid on each license), and the minimum opening bid.

- A complete license number for nationwide licenses are: QA plus NWA255 plus the letter designation for the license block. (For example QANWA255K is the license number for the nationwide license “K”)
- A complete license number for EA licenses are: QA plus the EA designation plus the letter designation for the license block. (For example QABEA001A is the EA license in the Bangor, Maine, channel block A.)
- A complete license number for EAG licenses are: QA plus the EAG designation plus the letter designation for the license block. (For example QAEAG001A is the EAG license covering EAG 1, channel block A.)
- All population figures are from the 1990 United States Census, United States Department of Commerce, Bureau of the Census.
- The two right columns of the table shows the upfront payments and minimum opening bids for each license in Nationwide, EA and EAG licenses. Please note that for the Phase II 220 MHz Auction, upfront payments (and the number of bidding units) are used to determine bidding eligibility and activity.

Following the summary of licenses is a cross-reference table of EA names, EA numbers and EAGs, and a table that provides a cross-reference of EAG numbers, EA numbers, states, and counties.

## Summary of Phase II 220 MHz Licenses to be Auctioned

| Market No. | License Name   | License No.       | Population * | Upfront Payment per license | Minimum Opening Bid per license ** |
|------------|--|-------------------|--------------|-----------------------------|------------------------------------|
|            | <b>Nationwide Licenses (100KHz)</b>                      |                   |              |                             |                                    |
| NWA255     |  | QANWA255K/L/M     | 252,556,989  | \$252,557.00                | \$441,975.00                       |

| <p>The component counties for BEA002 were inadvertently left out of the Phase II, 220 MHz Auction Bidders Information Package's "<b>List of Economic Areas with Component Counties</b>" on page 16. To remedy this oversight, we are providing this as an insert to the cross-reference.</p> |                           |              |                   |

## DUE DILIGENCE

Potential bidders are reminded that there are a number of incumbent Phase I 220 MHz licensees already licensed and operating on frequencies that will be subject to the upcoming auction. Such incumbents must be protected from harmful interference by Phase II 220 MHz licensees in accordance with the Commission's Rules. *See* 47 C.F.R. § 90.763. These limitations may restrict the ability of such geographic area licensees to use certain portions of the electromagnetic spectrum or provide service to certain areas in their geographic license areas.

In addition, potential bidders seeking licenses for geographic areas that are near the Canadian border should be aware that the use of some or all of the channels they acquire in the auction could be restricted as a result of a future agreement with Canada on the use of 220-222 MHz spectrum in the border area.

Potential bidders should also be aware that certain applications (including those for modification), waiver requests, petitions for reconsideration and applications for review are pending before the Commission that relate to particular incumbent non-nationwide 220 MHz licensees. We note that resolution of these matters could have an impact on the availability of spectrum for EA and EAG licensees. In addition, while the Commission will continue to act on pending applications, requests and petitions, some of these matters may not be resolved by the time of the auction.

**Potential bidders are solely responsible for investigating and evaluating the degree to which such pending matters may affect spectrum availability in areas where they seek EA or EAG licenses.**

To aid potential bidders, we have included a list of Cases pending involving Non-Nationwide Phase I 220 MHz licenses which identifies pending matters of which the Commission is aware that relate to licenses or applications for the 220 MHz service. The Commission makes no representations or guarantees that the listed matters are the only pending matters that could affect spectrum availability in the 220-222 MHz band.

Additional information regarding matters identified in this list of Cases is available to the public. Licensing information is contained in the Commission's licensing database, which is available for inspection in the Wireless Telecommunications Bureau's Public Reference Rooms, located at 2025 M Street, N.W., Room 5608, Washington, D.C. 20554, and 1270 Fairfield Road, Gettysburg, PA 17325. In addition, copies of the pleadings are available for public inspection only in the Gettysburg Public Reference Room.

In addition, potential bidders may search for information (but not the pleadings) regarding incumbent 220 MHz licensees on the World Wide Web at <http://www.fcc.gov/wtb>. In particular, information can be accessed by downloading databases by selecting "WTB Database Files" (<http://www.fcc.gov/wtb/databases.html>), or searching on-line by selecting "Search WTB Databases" (<http://gullfoss.fcc.gov:8080/cgi-bin/ws.exe/beta/genmen/index.htm>). Any telephone inquires regarding these matters should be directed to the Technical Support Hotline at (202)

414-1250 (V) or (202) 414-1255 (TTY).

**The Commission makes no representations or guarantees regarding the accuracy or completeness of information that has been provided by incumbent licensees and incorporated into the database. Potential bidders are strongly encouraged to physically inspect any sites located in or near the geographic area for which they plan to bid.**

# FCC AUCTION SEMINAR REGISTRATION FORM

## The Phase II 220 MHz Service Auction

The FCC will sponsor a one day seminar for the 220 MHz auction applicants. The seminar will provide information about pre-auction procedures, service and auction rules, conduct of the auction, and the FCC remote bidding software.

**Space is limited.** A maximum of two representatives from each company may attend on a reservation basis, first-come first-served until room capacity is filled. Additional seating may be available on a stand-by basis the day of the seminar. The seminar will be held:

**Thursday, August 6, 1998  
Sheraton City Center Hotel  
1143 New Hampshire Avenue, NW  
Washington, DC 20037**

**Registration 9 a.m. - 10 a.m.  
Seminar 10 a.m. - 4 p.m**

**If hotel accommodations are needed, reservations can be made by calling the hotel  
reservations at 1-800-526-7495 or directly at 202-775-0800.  
Specify that you are attending the FCC Auction Seminar.**

\*\*\*\*\*

To register, complete the form below and return no later than **Friday, July 31, 1998**, by mail or fax to:

FCC Auction 18  
Auctions Operations Branch  
1270 Fairfield Road

# FCC REMOTE BIDDING SOFTWARE ORDER FORM:

## The Phase II 220 MHz Service Auction

Only those qualified bidders that file their FCC Form 175 applications electronically have the option of using the FCC Remote Bidding Software to participate in the auction bidding process. Further, while bidders are free to copy the software for use by authorized bidders at different locations, the FCC auction system will accept electronic bids only from bidders who have purchased the software. (Since bidding software is tailored to a specific auction, software from prior auctions will not work for Auction 18.)

The price of the FCC Remote Bidding Software is **\$175.00**, including a user manual and shipping. To order, complete the form below and return no later than 5:30 p.m. ET on **Monday, September 1, 1998**, to:

FCC Bidding Software, Auction No. 18  
Auction Operations Branch  
1270 Fairfield Rd.  
Gettysburg, PA 17325-7245

FAX: 717-338-2850

For security purposes, software packages will be sent with other registration materials only to the contact person at the applicant address specified on the FCC Form 175. NO EXCEPTIONS.
